BELL TELEPHONE MAGAZINE

VOLUME XXXIX, 1960

TABLE OF CONTENTS

SPRING, 1960

Cover: The design, a composite of many of the topics discussed in this issue, incorporates pictures representing Pioneer activities, No. 5 Crossbar "package," global communications, marketing, and off-duty safety. Designed for this issue by *Salvatore J. Taibbi*

A Tradition in The Making, by *Henry T. Killingsworth* 2
Annual Report For The Blind 12
Marketing Programs Pay Off!, by *Roy E. Alberts* and *Dan E. Hutchins* 16
Progress and Problems in World Communication, by *Estill I. Green* 23
The Tax Slice Is Getting Bigger! 34
Preview of 'The Package' 36
What Can We Do About Off-Duty Accidents? 38
How Much?—And When?, by *Robert M. Ferris* 43
Index Now Available 50
Who's Who & What's What In This Issue 51
In The News 53

SUMMER, 1960

Cover: The theme of this cover design is the rapidly increasing tempo of change in the telephone business and in the whole field of human affairs. Designed for this issue by *Salvatore J. Taibbi*

Man-to-Man Competition, by *Robert E. Johnson* 2
The Forces Shaping Our Future, by *Harry Schwartz* 12
Adding a Third Dimension to Service, by *Roy C. Echols* 18
Reading for Management People, by *Charles W. Potter* 26
Big Show In Disneyland 35
The Right Word at the Right Time, by *Ben Smith* 41
The BTM Readership Study, by *Gloria Rubin* 45
Who's Who & What's What In This Issue 51
In The News 55

AUTUMN, 1960

Cover: Part of photographic memory of Electronic Central Office.
Electronic Switching, by *Raymond W. Ketchledge* 2
New Perspective on Our Public Standing, by *Kenneth P. Wood* 8
The Modern Telephone Operator, by *Peter B. Howell* 15
Bell System Financing, by *L. Chester May* 24
Echo 30
The Bell System's *Un*fair Share of Taxes, by *Walter L. Kidd* 38
'Cable Never Had It So Good', by *Carl Zeigler* 46
A Statistician Looks at the World's Telephones, by *Elizabeth Wrenshall* 52
Who's Who & What's What In This Issue 57
In The News 61

WINTER, 1960-61

Cover: A geometric pattern incorporating some new Bell System products.
Designed for this issue by *William Panos*
The Bell System's Role in Project Mercury, by *R. M. Goetchius* 2
It's Data-Phone in 1961 !, by *Harvey J. McMains* 13
The New Liberalism vs. The Freedom to Choose, by *Warren W. Shearer* 21
Our New Customer Products and Services (A special insert) 26
The Gold Problem, by *John C. Swartley* and *Irving A. Lowell* 40
Editorial in Headlines 48
